HELPING HEALTHCARE PROVIDERS REALIZE SAVINGS BY USING LEVERAGE TO NEGOTIATE DISCOUNTS

With all the pressures put on the healthcare industry in recent years with respect to reform, as well as the current economic environment, practices have to reduce costs in order to be more profitable. Black ROCC is a Group Purchasing Organization (GPO) that helps healthcare providers realize savings and efficiencies in numerous areas in their practice by aggregating purchasing volume and using that leverage to negotiate substantial

discounts with the major manufacturers, distributors and other vendors. Practice costs reduction is the logical avenue for healthcare providers to choose when trying to increase profits in today's market, and Black ROCC does the work for you. From lowering costs to adding new revenue streams, Black ROCC can help your practice realize more profits.
